

Fantic® M

**MORE PROTECTION
FAST ACTION**

WG Formulation

FUNGICIDES

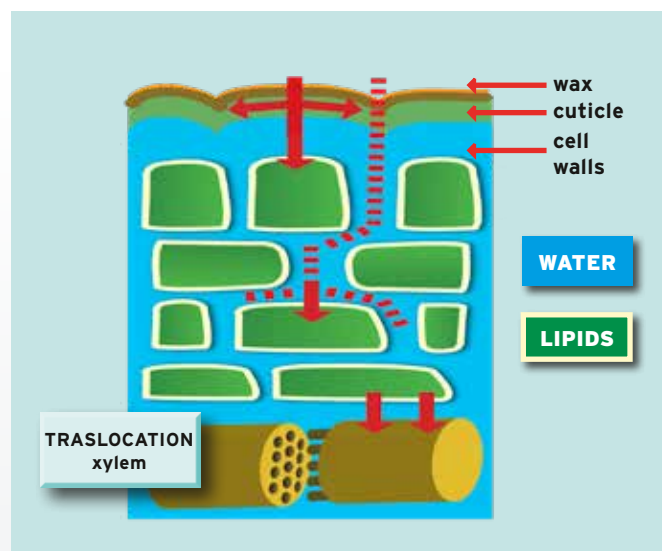

**Kiralaxyl 40 g/kg
+
Mancozeb 650 g/kg**

▶ **Double mode of action**

- Systemic action on the mycelium growth
- Contact action on zoospores and mycelium

▶ **Systemicity of Kiralaxyl makes the difference!**

- **Lipid solubility:** stocked in the waxy cuticle, it is not washed off by rain and penetrates into leaves.
- **Water solubility:** uniform protection of new shoots, fruits and leaves by optimal translocation in the vegetal tissues.

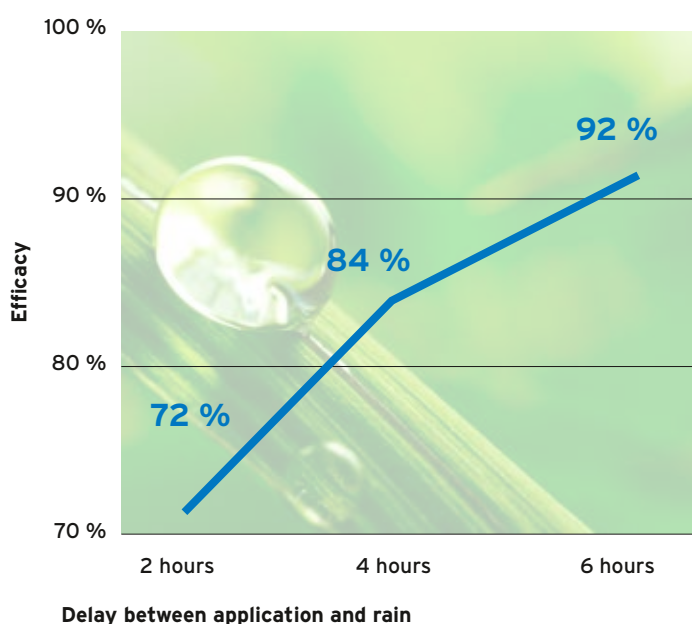

Kiralaxyl®

Winning solution against Oomycetes

➤ Rainfastness

Many studies demonstrate the resistance of Kiralaxyl to wash out by measuring its presence into leaves exposed to artificial rain.

➤ Formulation key advantage

- Extrusion technology
- Perfect suspension
- Safe to handle
